

WHAT ELSE YOU SHOULD KNOW

Good account management is the best way to avoid overdrafts. Use our mobile banking, Internet banking, and telephone banking services to keep track of your balance. Also a link to another account with available funds or a line of credit may be a less expensive option than an overdraft. When withdrawing or making multiple transactions, a single overdraft will result in just one fee, as opposed to multiple overdrafts. For additional financial education resources, please visit www.mymoney.gov.

The \$25 Overdraft Fee is lower than the fee that is charged if a check is returned as unpaid. If multiple items overdraw your account on the same day, each item will be assessed an appropriate Overdraft Fee of \$25.00 or a Returned Item Fee of \$28. All fees and charges will be included as part of the Overdraft Privilege limit amount. Your account may become overdrawn more than the Overdraft Privilege limit amount because of a fee.

For consumer accounts, there is a limit of 8 Overdraft Fees (\$200) per day KV will charge. These exceptions do not apply to business accounts.

Recipients of federal or state benefits payments who do not wish us to deduct the amount overdrawn and the Overdraft Fee from funds that you deposit or that are deposited into your account may call us at 207-623-5171 to discontinue Overdraft Privilege.

If an item is returned because the Available Balance (as defined below) in your account is not sufficient to cover the item and the item is presented for payment again, K V Federal Credit Union ("We") will charge a Return Item Fee each time we return the item because it exceeds the Available Balance in your account. Because we may charge a Return Item Fee each time an item is presented, we may charge you more than one fee for any given item as a result of a returned item and re-presentation of the item. When we charge a Return Item Fee, the charge reduces the Available Balance in your account and may put your account into (or further into) overdraft. If, on re-presentation of the item, the Available Balance in your account is sufficient to cover the item we may pay for the item, and, if payment causes an overdraft, charge an Overdraft Fee. We may use the terms "item" and "transaction" interchangeably.

This describes the posting order for purpose of determining the overdrafts. Our general policy is to post items throughout the day and to post ACH credits before debits. ATM and debit card transactions are posted in the order in which the items are received. ACH debits are posted in the order in which they are received; while paper checks are posted in lowest to highest dollar amount; however, because of the many ways we allow you to access your account, the posting order of individual items may differ from these general policies. Holds on funds (described herein) and the order in which transactions are posted may impact the total amount of Overdraft Fees or Return Item Fees assessed.

Overdraft Privilege is not a line of credit; it is a discretionary overdraft service that can be withdrawn at any time without prior notice.

The depositor and each Authorized Signatory will continue to be liable, jointly and severally, for all overdraft and fee amounts, as described in the Deposit Account Agreement and Disclosure. The total (negative) balance, including all fees and charges, is due and payable upon demand. We may be obligated to pay some debit card transactions that are not authorized through the payment system but which we are required to pay due to the payment system rules, and as a result you may incur fees if such transactions overdraw your account. However, we will not authorize debit card or ATM transactions unless your account's Available Balance (including Overdraft Coverage Options) is sufficient to cover the transactions and any fee(s).

Giving us your consent to pay everyday debit card and ATM overdrafts on your consumer account may result in you incurring Overdraft Fees for transactions that we would otherwise be required to pay without assessing an Overdraft Fee. However, this would allow us to authorize transactions up to the amount of your Overdraft Privilege limit and may also help you avoid overdrafts in excess of your available balance that could result in suspension of your debit card.

Understanding your Available Balance: Your account has two kinds of balances: the Actual Balance and the Available Balance.

We authorize and pay transactions using the Available Balance.

Your Ledger Balance reflects the full amount of all deposits to your account as well as payment transactions that have been posted to your account. It does not reflect checks you have written and are still outstanding or transactions that have been authorized but are still pending.

Your Available Balance is the amount available to you to use for purchases, withdrawals, or to cover transactions. The Available Balance is your Ledger Balance, less any holds due to pending debit card transactions and holds on deposited funds.

The balance used for authorizing checks, ACH items, and recurring debit card transactions is your Available Balance plus the amount of the Overdraft Privilege limit and any available Overdraft Protection. The balance used for authorizing ATM and everyday debit card transactions on accounts with Standard Coverage is your Available Balance plus any available Overdraft Protection but does NOT include the Overdraft Privilege limit.

The balance used for authorizing ATM and everyday debit card transactions on accounts with Extended Coverage is your Available Balance plus any available Overdraft Protection and includes the Overdraft Privilege limit.

Because your Available Balance reflects pending transactions and debit holds, your balance may appear to cover a transaction but later upon settlement it may not be sufficient to cover such transaction. In such cases, the transaction may further overdraw your account and be subject to additional overdraft fees. You should assume that any item which would overdraw your account based on your Available Balance may create an overdraft. Note that we may place a hold on deposited funds in accordance with our Deposit Account Agreement and Disclosure, which will reduce the amount in your Available Balance. Please be aware that the Overdraft Privilege amount is not included in your available balance provided through online banking, mobile banking or KV Federal Credit Union's ATMs.

We will place a hold on your account for any authorized debit card transaction until the transaction settles (usually within two business days) or as permitted by payment system rules. In some cases, the hold may exceed the amount of the transaction. When the hold ends, the funds will be added to the available balance in your account. If your account is overdrawn after the held funds are added to the available balance and the transaction is posted to the available balance, an Overdraft Fee may be assessed. Except as described herein, KV Federal Credit Union will not pay items if your account does not contain available funds (including the Overdraft Privilege limit) to cover the item(s) and the amount of any fee(s).

Understanding Overdraft Privilege Limits

An Overdraft Privilege limit of \$500 will be granted to eligible consumer checking accounts opened at least sixty (60) days in good standing.

An Overdraft Privilege limit of \$500 will be granted to eligible Business Checking accounts opened at least sixty (60) days in good standing.

Overdraft Privilege may be suspended if you default on any loan or other obligation to us, your account becomes subject to any legal or administrative order or levy, or if you fail to maintain your account in good standing by not bringing your account to a positive balance within thirty-five (35) days for a minimum of one business day. You must bring your account balance positive for at least one business day to have the full Overdraft Privilege limit reinstated.
